

## Q DA04 LAVALIER MIC

The **Q DA04 LAVALIER MICROPHONE** uses the same water resistant omni directional capsule as the tried and true DA12 Headworn Mic. Easily hidden under clothes and makeup, or in hair, the DA04's thin new thermoplastic stretch cable is exceptionally durable, and rejects handling noise better than thicker cabled bulkier lav mics! Black or Beige. Wide variety of connector options sold separately.

Includes tie clip, (2) windscreens,  
zip pouch. Adapter sold separately
